REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the Stark School Board:

I hereby submit for your consideration my eighth annual report of the Stark schools.

At the close of the schools last June, we lost three of our teachers, viz., Gloria O. Day who was married, Josiah B. Kelley who got a better position in another part of the state, and Frances Crego who, I understand, is teaching nearer her home. The vacancies were filled as follows: Virginia R. Littlefield for the Blake school, Verna L. Nelson for the Village school, and Ruth C. Ingalls for the Crystal school. Helen M. Dowse is teacher of the Percy school as last year.

The following six pupils completed the work of the eighth grade last June: viz., Phyllis Loraine Emerson, Iva Magraret Hickey, Mavis Claire Rogers. Barbara Mable Rogers, Beverly June Hodgkins and Doris Vivian Maguire. Five of the above graduates entered high school in the fall.

The following nineteen pupils had a perfect record for the year 1940-1941, that is, they were not absent or tardy for the year: Kathleen Cole, Phyllis Emerson, Chandis Gibson, Eula Lavigne, Beverly Miles, Glen Miles, Edward Oakes, Dorothy Rolfe, Elbert Scott, Iva Hickey, Norman Hickey, Donald Martin, Leon Hickey, Marcia Gadwah, Winnifred Hand. Reverly Hodgkins, John Pepau, Zanita Pepau, and Donald Vachon.

The school census taken last September found 82 pupils in town between the ages of five and sixteen. Of this number, 72 were reported in school. There were six between five and eight not in school. The Gagnon family of four children did not enter our schools as they were moving to Milan. This accounts

for the ten not in school. One handicapped child was reported who is over sixteen years of age.

There are thirteen pupils registered in high school this year. Two children are attending elementary schools outside of the district.

From the report of the medical examination made by Miss Florence Wheeler, R. N., we get the following data: Underweight, 10 per cent or over, 3; defective hearing, 5; defective vision, 4; anemia, 3; defective teeth, 52, 36 of these have attended the six dental clinics held and 90 corrections made—86 fillings and four extractions; diseased tonsils, 21; adenoids, 10; 64 have been vaccinated and six are unvaccinated. Two cases of adenoids and enlarged tonsils were corrected.

Six dental clinics were held. These clinics were visited by 36 different pupils who had 90 corrections made. All except the first grade were tested with Audiometer.

This year, we have two transportation routes; viz., R. J. Emerson is the driver of the school bus from the Emerson district to the Blake and Village schools, and George K. Nelson transports one pupil to Groveton elementary school.

The repairs, last summer, consisted mainly in some repairs at the Crystal school house, painting the Village school building, and putting in a new entry floor at the Blake school. A new stove was secured for the Blake school. All buildings were cleaned, floors oiled, toilets cleansed, and some inside decorations. A few chairs were purchased for the different schools.

From last year's registers, we gleaned the following data: Total number of different pupils registered in town, 79; per cent of attendance was 95.94--

this is .02 better than one year ago; tardy marks, 19—this is 8 less than one year ago; school board members made two visits to schools; the superintendent was credited with 102 visits; citizens with 80 visits; ten school board meetings were held; and 24 pupils were transported at the expense of the district.

The superintendent has rendered assistance to the teachers by personal conferences at time of his visits.

I wish to take this opportunity to thank all who have participated in any way, in making our schools a success.

Respectfully submitted,
ALONZO J. KNOWLTON,
Superintendent.
